

Monday 16 January 2023

12h45

Welcome of the participants and delivery of goodies

13h15

Winter School opening

Speakers :Gaëlle Calvary (Deputy Vice-President Innovation), Hervé Courtois (Vice-President Research and Innovation UGA) , Denis Jongmans (Doctoral College Director, UGA) & Astrid Astier (DRARI)

13h30

Plenary session - Global view on valorisation

What should I do with my results? Who are my interlocutors? The objective of this training is to present the ecosystem of valorization and to address the possible ways of valorization (licensing, business creation, partnership and participatory research...) This training will allow participants to have a general view of the possible paths according to their research themes.

Pascale Grenard-Ecuyer et Thibaud Miard (Floralis), Marie Anne (UGA) et Nadine Massard (UGA)

14h30

General overview on Intellectual Property

What are the tools to protect my results? The training will cover different IP tools: design, trademark, know-how, copyright, software and patents.

Isabelle Chéry (Grenoble INP - UGA)

STS

Financing my project

Is there funding available to support my innovative project? What kind? The aim of the training is to discover the range of financing available in the context of business creation.

*Pierre-Yves Perche (SATT Linksum),
Florent Genoux (Bpifrance)
Phillippe Broun (INRIA)*
